MARIE'S STORY, 1901

*Journey to Love*  
by Amanda Tero

Now orphaned, Marie is swept miles away from the only life she knew to be sheltered by unknown guardians. Caught in the challenges of a new life, she cannot prevent changes from happening, but she can keep the Bowles and their friends at arm's length. Or can she?

While things appear to transition smoothly on the outside, Marie struggles against the turmoil she faces on the inside. She sees something in the Bowles and her new friends that she had never experienced before... but should she trust what the preacher is teaching when it goes against everything she had accepted as truth? Is God really a God of love? If He is, then is Marie willing to accept it?

Follow Marie as she begins the journey to love.
